

ROTOTUNA

SENIOR HIGH SCHOOL

1 July 2021

Nau mai, haere mai

Welcome

We are excited to provide you with enrolment information for your Year 10 student. Our school is purpose built with modern and flexible learning environments. These spaces enable our teachers to deliver rich, connected programmes of learning designed to meet your student's learning needs.

We know that strong learning relationships are critical to your young person's success. You will know from your experience at school that when a teacher believes in you it can make all the difference in influencing how you feel about yourself as a learner. The curriculum we have developed is intended to foster strong connections so that your student can achieve their personal and academic goals as they prepare for their futures.

As a Senior School our curriculum is made up of three interconnected strands:

- Whānau | Advisory,
- Wānanga Ako | Specialist Learning and,
- Puna Wānanga | Impact Projects.

In Whānau | Advisory we recognise that every student needs a strong sense of belonging and has an adult (Kaiārahi | Advisor) who will be a champion for your student's learning success. The Kaiārahi will know your student's strengths and work with them and with you to support their learning journey.

In Wānanga Ako | Specialist Learning our programmes of learning are founded in the New Zealand Curriculum and linked to the New Zealand Certificate of Educational Achievement (NCEA). Programmes are designed to create deep learning experiences that are delivered as specialist learning programmes and as integrated modules. This is where your young person will learn to think critically and creatively as they apply their knowledge to new and novel situations.

In Puna Wānanga | Impact Projects your student will be given the opportunity to develop the future focussed skills they need as they work individually or in a team to manage a project from start to completion. Puna Wānanga projects offer your young person the chance to follow their passions in a way that is connected to our community and makes a difference in the world.
